## Introduction

The Compatibility Report compares two individual's natal charts and examines the inter-aspects or synastry between them.

In the following report, each aspect is examined to reveal the basic qualities of your interaction, with the most important factors listed first. Please keep in mind that these descriptions are not meant to put limitations on the relationship, but merely to describe its inherent tendencies. Challenging aspects can become the greatest strength of a relationship if you can both learn how to successfully navigate those issues, with good communication between you playing a vital role. For definitions of astrological terms, please refer to the glossary at the end of this report.

You may notice contradictions in your report; these reflect your complex personality, and that of your partner. For instance, you may be the initiator in certain situations, but other circumstances might bring out your tendency to watch and wait. While your chart may provide helpful insights, it cannot predict the future. You are ultimately the master of your own fate.

## Important Features

### Sun, Moon, Rising Sign Features

#### Diego's Uranus in strong square with Frida's Sun

*The planetary energies conflict; internal and creative tensions bring rich rewards through effort over time.*

This aspect, of Sun in square with partner's Uranus, indicates an intriguing connection. There is an element of mental stimulation that Diego brings to Frida, promoting excitement as well as unusual enjoyment, and creative flair. This represents a good basis for friendship but there also may be elements of discord between you. In a romantic context, you may be in for some strange days, in an unexpected and unusual connection fraught with possibility and radical change. Although there is magnetism, some unique attraction that brings you together, there may be character adjustments necessary between you, which are difficult to pull off with grace. The partnership may be inclined to be uncooperative, or you may be friendly but not demonstrative with each other, or one partner may feel dramatic disconnects, aloofness, or lack of support. The erratic and perhaps unexpected actions of Diego gives them a unique appeal for Frida, but can also lead to feeling up in the air or very far away, and unstable. The two of you may alternate between extremes of freedom and independence, versus a more settled situation, or feel the need to radically defend your own individuality. Rebellion and authority bashing may also come into the mix. The challenge is there to accept unusual qualities in each other. Poise and discipline go a long way, if you can muster them. It is your fate to comprehend and synthesize for greater understanding or perhaps to just let go with abandon. At least it won't be boring.

#### Diego's Pluto in strong conjunction with Frida's Moon

*The strongest blend of the energies represented by these two planets.*

With this aspect, of the Moon in conjunction or opposition with partner's Pluto, there is a dark side to your relationship. You are coming together to do some serious healing, and you can expect intense emotions and the exposing of your most cherished and unknown secrets through this relationship, perhaps unknown even to your conscious mind. Together you are both working toward an important process of change and emotional fulfillment, with Frida the one who does most of the transforming, while Diego provides the catalytic energy for change. In a romantic context, this aspect symbolizes a powerful sexual contact between you, with passion to explore each

other's mysteries, and drive to higher purpose as well. The investigation into the depths of your being that this relationship initiates is worth the effort to dig down, the pain of being exposed. There is a serious soul-purpose that brings you together for this wild spelunking adventure into the subterranean territory of your own psyche. There may be a compulsive factor to your interaction, and you need to be careful of possessiveness or other forms of emotional control that could come up between you. Balance is important, with time out for calm and privately separate reactions to events. There may be walled-off feelings of rage and pain from early childhood, perhaps going back to issues with mother love or its lack, that come to light in the course of this relationship. You both are being asked to rise to the occasion, to process the material presenting itself to you, in your eternal quest for balance and wholeness so that your life may move forward. The patterns of the past will yield to healing and transformative change if you allow them to.

Generally speaking, Frida provides the higher picture for the developing practical nature of Diego, who tends to provide stability and keep a firm hand on the tiller. There might be a tendency for Diego to delay celebration or dampen enthusiasm, but on the whole this is a very supportive, balancing, and harmonious connection. This aspect also promotes creative innovation in science, mechanics or enterprise, and confident adventuring. Together, you exhibit progressive or rebellious tendencies, with a focus on humanitarian effort. With the erratic and freedom-loving energy of Uranus in the partnership picture, there also are sparks that fly occasionally, volatile emotions that come up quite suddenly. If you actively seek positive applications, there is a good foundation for a shared new vision between you, a lively intellectual and questing spirit no longer tolerant of an outmoded status quo. In a romantic connection, this aspect invites inventive lovemaking, unique freedom, and adaptation to change, with physical versatility and mobility, or even anti-social rebellion, which you may both enjoy. However, one of you may find yourself irritated with the other, perhaps over demands of too much freedom, or attitudes and perceptions not fully compatible with both viewpoints. With this aspect, you are both strong-willed, and may be all too well inclined to risky behavior, or one of you may pursue unique or selfish aims. But the uncertainty can be stimulating, like on mountain climbing journeys. Together, you possess a strength of purpose that can take you far with each other, especially in the areas of humanitarian, technical, or international, and universal objectives. The trick is too keep your focus on goals that are fully productive for you both.

This aspect, of Uranus in square or opposed to partner's Uranus, is indicative of large age differences, with differing

viewpoints, backgrounds, points of view, and ideology. Your relationship may be inventive and engaging, and even lead to greater connections, but there are also likely to be changes you go through due to different lifestyles and habits, potentially producing estrangement or disagreement. Although these differences in point of view can provide some irritation in an otherwise compatible relationship, the downside is not strong of itself. Science, technology, and education, are enhanced or otherwise emphasized, and other factors such as inventiveness, rebellion, or individual freedom may well come up for you in your relationship. In a romantic context, some changes are likely along the way, in the area of mutual shared interests. You are likely to be friends as well as lovers, like-minded with sense of uniqueness appreciated between you. It may be that having good times with others represents a powerful factor in your relationship. Differences around how you perceive group association may create tensions, although you also have much to say to each other regarding individuality and social philosophy and can benefit from your creative conflict in this area.

This aspect also may indicate differences such as mildly incompatible views, or attitudes, between you, possibly unclear aspirations or conflicts of idealism, which could magnify other forms of discord in the relationship. These conflicts could perhaps bring up issues of dependency versus independence, or some type of inconstancy that is felt by one or both partners. Artistic endeavors, as well as political and social movements, new ways of thinking and being, science, ideas, and humanitarian principles are highlighted.

Frida may impose limits, while the more giving and spiritual Diego will accept this point of view with tolerance. There is sanctuary for you both in this arrangement. With this aspect, you also may find illusions regarding partnership agreements, or issues of over-dependency, or inhibitions, or simply that one person does not acknowledge the boundaries of the other. Your relationship has a great ability to forgo problem areas, bear burdens, tolerate conditions, and you may feel the need to spiritually restructure yourselves in response to this relationship.

In a romantic connection, there is likely to be a strong attraction between you, although leadership or control issues may arise, over creative ideas, or of practical considerations, such as with children, or issues of duty versus entertainment. The possibility is also there for some authoritarian disagreements between you. Romance may be connected to business, or public life. If you can find ways to cooperate and blend your separate viewpoints you will feel brighter, more

playful, and alive to your shared purpose.

*The planetary energies conflict; internal and creative tensions bring rich rewards through effort over time.*

This aspect, of Uranus in square with partner's Midheaven, makes for disorder, or lack of agreement between the partners, perhaps with one wishing to conserve, the other to innovate. This relationship also has the potential for very wide acceptance, good friendship, and broad-minded viewpoints between you. You come together with a view to change humanity, and alert the world to new visions. The technological, scientific, and multi-cultural hold appeal for you, and work in these areas is supported. In a romantic context, this aspect indicates a relationship that is mildly offsetting, and may be impersonal, as outside conditions could be the cause of disorder or complications between you. The practical in your relationship does not mix well with changing conditions, yet the combination can produce insight and many unique attributes of productive work. Your relationship may fluctuate wildly between excitement and rebellion versus control and down-time to rest. Progress could be delayed, or freedom not necessarily promoted. And yet unusual success can come through your involvement with each other. It is best not to try to control or limit the freedoms and unique character of your partner by forcing them into old habits or directions. This relationship needs space and openness to work out, if it is to work out at all.

In a romantic context, you encounter loving support and spiritual values in your relationship, a calm, congenial feeling that sustains life goals not depending on material manifestation. You may be inclined to keep your heads even too far into the clouds at times, and shy away from practical matters.
